

# HIGHLAND HELPER

NATIONAL TRUST for SCOTLAND

Great adventures are in our nature

Take inspiration from our coos to make this cute pencil stand for your desk

**YOU WILL NEED:**  
Brown, Orange, Pink and Grey Paper, Cardboard Tube, Googly Eyes, Glue, Scissors

1

Cut a rectangle of brown paper that's the height of your tube and wide enough to wrap all the way around.

2

Cut a cow head and ears out of brown paper, a fringe of hair from orange paper, grey horns and a pink nose.

3

Glue the ears and then the horns on to the head of your coo, before adding the shaggy fringe and finally its nose.

4

Once the glue has dried, add googly eyes and stick the head on to the cardboard tube. Then you can fill it with pencils!
